Fire and Rescue Service

North Wales Fire and Rescue Service (NWFRS) would like to take photos/video and/or comments of you/your child (as applicable) as a record of the day and for promotional purposes but, in order to comply with the General Data Protection Regulation (GDPR) and other relevant data protection legislation, we must seek your permission to do so.

These images may appear on our website, newsletters, social media accounts, in our printed materials produced for promotional purposes including leaflets, posters and adverts, in materials sent out to the media, or in reports to funding bodies as well as internal publications.

In addition to any photos/video, we wish to collect the following personal data:

- Your name
- Name of parent/guardian (if applicable)
- Your address
- Contact telephone number
- E-mail address
- Location and date of photo or film taken

We will not include personal e-mail, postal addresses or telephone numbers on our website or in printed publications. Please note that websites can be seen throughout the world, and not just in the United Kingdom, where UK law applies.

We will retain the data and photographs/video for 10 years as a record of those events attended by our staff, after which they will be securely destroyed.

Under the GDPR you have certain rights in relation to the data held about you by NWFRS. A list of those rights can be found on our web site at www.nwales-fireservice.org.uk.

If you have any concerns about the way we use your data you can contact us here:
